

Thank you for supporting preschoolers to participate in the Commissioner's Early Years Postcards initiative.

Please print as many copies of the Activity Sheet as you need. Choose the Activity Sheet layout that best suits your preschoolers. It would be great if you could explain to the children in your own words, that there is a Commissioner for Children and Young People in South Australia who is there to listen to children of all ages because children have rights. All South Australian children can tell their Commissioner what they would like her to know about their lives, including what they think would make them better. The name of the current Children's Commissioner is Helen (Connolly). Helen would like to know what your favourite thing about being outside is.

Completed drawings and educator explanations can be scanned and emailed by **Friday 13 December 2024** to **commissionerspostcards@sa.gov.au**

The Commissioner and her team will make sure you receive a copy of her report on the Early Years Postcards.

Please don't hesitate to get in touch via email or phone us on 08 8226 3355 during business hours with any queries you may have.
